

International Business Minor Education Abroad Petition

Student Name: _____ PSU ID #: _____

Major: _____ PSU Email: _____

The International Business (IB) Minor was created to give business students an opportunity to complement their academic experience with an education abroad program and courses focused on increasing one's global awareness. Students may earn credits towards the IB Minor through participation in Penn State Education Abroad programs approved for use in IB Minor. See the Choosing a Program page on our website for the full list of pre-approved programs.

There may be circumstances in which an exception will be made to this list of pre-approved programs. If you feel that a program that is not currently approved for the IB minor can provide the academic quality required for one of these components of the IB Minor, please attach a typed statement explaining why you should be granted an exception to the policy. Your statement should include, but is not limited to, the following:

Program Name, Location, Dates, Website

Number of credits to be earned

Proposed courses to be taken

Learning objective

How did you find out about this program?

In what ways does this program help you achieve academic goals not possible on an existing IB Minor approved program?

You must meet with an adviser in the Strickler Office of International Programs before submitting this petition for review. You must secure the approval of the Associate Dean for International Programs *before* your departure on the study abroad program.

Important: If your proposed program is a non-Penn State program, a separate Petition is required to secure approval from the Associate Dean for Undergraduate Programs for use of credits taken abroad towards *any* Smeal degree requirements.

Submit this form to the Strickler Office of International Programs, 484 Business Building.
